

T2EUxC-RF

Stick-on Smart Wall Switch

Features

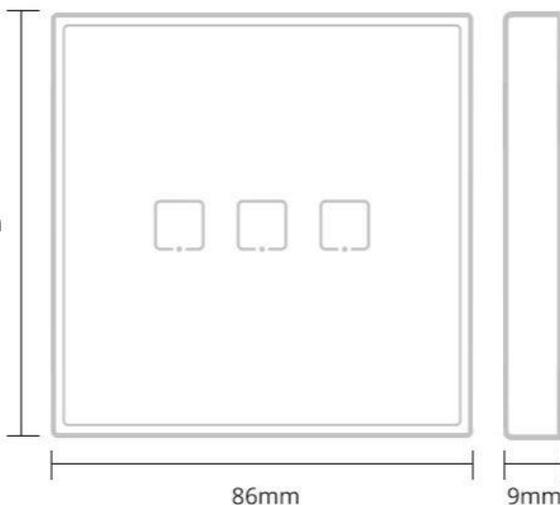

- The Sonoff T2EU 433MHz wireless stick-on smart wall switch is an extension of Sonoff's best-selling TX series Wi-Fi Wall Smart Switches. It looks similar to the EU TX series to keep your home style modern, artistic, and functions as a 433MHz remote controller. You can connect the wall switch to a range of Sonoff devices such as the Sonoff T1/T2/T3, R2RF, R3RF, SlampherR2 or 4CHPROR3
- 433MHz remote controller with a unique appearance
- 1/2/3-gang design covers your needs
- Stick on the surface to use, no wiring required
- Support two-way control of the device
- Match to use. One for multiple devices and multiple for one device
- Remote control Sonoff 433MHz smart devices
- Strong wall penetration for sensitive and instant response
- Splash-proof enclosure and stylish glass panel
- Backlight is easy-to-locate in the dark
- Backlight is adjusted automatically based on the absorbing energy from light
- Optional usage methods including stick-on, screw-on, and desk-top
- Powered by the battery(batteries are not included)
